

IMAGINATION STATION

All month, we've been learning about our good friend Jesus. One time, Jesus was on a boat with his friends, and there was a big storm! There was a lot of wind and rain, and Jesus's friends were scared of the storm. But Jesus took care of them and told the storm to stop! He was their good friend, and he's your good friend too. Have fun creating an Imagination Station that will help you tell and retell the Bible story with your child.

Here's what to do:

- 1** Grab a bucket, a toy boat (or use a plastic cup or bowl), and some action figures or toy people.
- 2** Go outside! Fill the bucket with water (or get some good use out of that water table), and create your own Imagination Station to retell the Bible story. Use silly voices and make lots of waves in the water. Don't be afraid to get wet (there will be splashing involved).
- 3** If you'd rather stay indoors, play in the sink or fill up the tub and make bath time extra fun.
